## A GLIMPSE INTO FEBRUARY

Hello Everyone,

We would like to share a few important updates with our families and loved ones regarding recent team changes here in our community. As of last month, Elizabeth Cuenca is no longer working with us. We are grateful for the time and care she dedicated to our residents and wish her all the very best in her future endeavors.

We are pleased to share that Jasmine Cruz has stepped into the role of Resident Care Coordinator. We are excited for her continued growth and leadership within our community, and we know she will continue to support our residents with compassion and dedication. Additionally, we are thrilled to welcome Addisyn Crawford as our new Staffing Coordinator! Addisyn was born and raised in Oregon and has always felt deeply connected to her community. She began her caregiving journey right here at Heartwood Place, initially hoping to try something new, but quickly discovered how meaningful the work was to her. Our residents became like family, and she realized she couldn't imagine a life or career that didn't involve caring for others.

Her dedication and compassion naturally led her to grow within our community, and we are so excited to see her step into this new role. Addisyn is passionate about supporting both staff and residents while helping our community continue to run smoothly and with heart. Outside of work, Addisyn enjoys hiking, fishing, swimming, and spending time with her family. She feels grateful to continue building her career in the place she calls home. Please feel free to stop by, introduce yourself, and say hello—we know she would love to meet you!

Warmly,  
Bridgett Solano-Guevara - Activity Director

"No winter lasts forever; no spring skips its turn." — Hal Borland

# GET TO KNOW OUR TEAM!

Addysin Crawford — Staffing Coordinator

# A GLIMPSE INTO HEARTWOOD

## Meet the Resident - Patsy Beach

This month, we're excited to highlight Patsy Beach, a truly beloved member of our community whose kindness and warmth brighten every room she enters.

Patsy is known for her beautiful, motherly spirit and her ever-present smile. She is a true sweetheart who brings comfort and joy to those around her. You will rarely see Patsy without her cherished baby doll, which she lovingly keeps by her side wherever she goes, it's a special part of who she is, and we always make sure her baby is included in all the fun.

Patsy loves being around others and thrives in social settings. She especially enjoys morning bingo, where, with a little support, she happily joins in, chats with friends, and shares in the excitement of the game. She also has a playful side and loves balloon volleyball, often saying how much she enjoys staying active and moving her body.

A true music lover at heart, Patsy participates in all of our musical activities. Whether it's SingFit, hymn time, or listening to classic country tunes, you can often hear her singing along in her room or with friends. She has a lovely voice and a genuine joy for music that is felt by everyone around her.

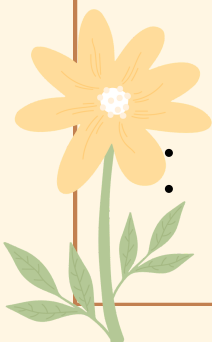

Employee of the  
Month 2025

# IMPORTANT REMINDERS

## Parking in the front of the Building:

We'd like to remind everyone that parking in front of the building doors is not permitted unless you are actively dropping off or picking up someone. Even then, please keep your stop as brief as possible. For the safety and convenience of all, please limit parking in front of the building to 15 minutes.

This area must remain clear at all times to ensure emergency responders have immediate access to the building if needed. Recently, vehicles have been parked in this spot for extended periods, which creates a serious safety hazard. Thank you everyone for your understanding and cooperation in keeping our community safe.

## Eating with the Residents at the Facility:

Our chef loves cooking and is happy to set aside an extra plate for family members during visits. However, please remember that our kitchen is primarily focused on resident meals. If you would like something completely different from the menu, we may not be able to accommodate it due to the preparation required for our residents' meals. Thank you for understanding and being mindful—this allows our kitchen staff to continue providing excellent care and meals for our residents

## Calling Ahead for Pick-Up of Residents:

If you plan to pick up your loved one, please give us a call ahead of time. This helps us have any necessary medications ready and allows your loved one to finish their activity without interruption. It also ensures a smooth transition and lets staff prepare for their departure comfortably. Your cooperation makes the day flow better for everyone and is greatly appreciated.
